The Bulletin

Norwich, Tuesday, Nov. 26, 1918.

THE WEATHER.
 It is much colder in the extreme northwest with a temperature tonight of 13 degrees above zero at Amarillo, Tex. Over remaining districts in the west low temperatures continue, while over the eastern half of the country they are only moderate lower.

Rain is probable Wednesday in the middle Atlantic states and southern New England, possibly snow in New York and southern New England.

The winds from the north Atlantic and middle Atlantic will be fresh northwest, fair weather.

Forecast.
 Southern New England: Fair Tuesday; snow or rain Wednesday and Wednesday night.

Observations in Norwich.
 The following records, reported from The Bulletin's observations, show the changes in temperature and the barometric changes Monday:

Ther. Bar.
 7 a. m. 30.60 29.90
 12 m. 30.50 29.80
 6 p. m. 30.40 29.70
 Highest 46, lowest 30.

Comparisons.
 Predictions for Monday: Fair. Monday's weather: Fair, continued cool; west to southwest wind.

Sun.	Mon.	Tues.	Wed.	Thurs.	Fri.	Sat.	Sun.
Rise.	Set.	Rise.	Set.	Rise.	Set.	Rise.	Set.
Day.	a. m.	p. m.	a. m.	p. m.	a. m.	p. m.	a. m.
25	6.48	4.52	3.23	Mar.			
26	6.49	4.51	4.30	0.97			
27	6.50	4.50	5.22	1.03			
28	6.51	4.49	6.13	1.09			
29	6.52	4.48	6.53	1.15			
30	6.53	4.47	7.33	1.21			
1	6.54	4.46	8.13	1.27			

Six hours after high water it is low tide, which is followed by flood tide.

GREENEVILLE

Albert Evans has returned to the Newport training station after spending a few days with his parents, Mr. and Mrs. Charles Evans, of Smith avenue.

Frank Yerrington has returned to the submarine base after spending the week end in the village.

Edward McNameey has returned from Stonington after spending the week end there.

Many people in the village received mail from the boys over there Monday. All seemed to be in the best of health and are anxious to be back in the old U. S. A. again.

Mrs. William McDermott has returned after spending the week end in Providence, R. I.

Sgt. Nicholas Spellman of Camp Devens has returned after spending a few days with his parents on Prospect street.

Sgt. Jeremiah Downing has returned from Camp Lee, Va. He is home for good. He has received his honorable discharge from the army last Friday.

Charles Chabonneau has returned to the submarine base after spending the week end with his parents here.

Word has been received by Mrs. Thomas Delaney of Central avenue that her son, Thomas, was wounded in the head and gassed during the last big drive.

A runaway caused much excitement Monday afternoon in the village. The horse was frightened by an auto and ran up to Sixth street and was stopped by Joseph Melnic.

Many of the local people attended the picnic at Columbus park Sunday afternoon. A large crowd was present.

Refreshments were served and the dancing pleased all present. The music was rendered by Jackson's Victory orchestra.

Joseph Gates has returned to the submarine base after spending a few days with his parents on Tenth street.

David Daniels has returned after spending a few days in Providence, R. I.

Eugene Carroll has returned to New Haven after spending a few days at his parents' home on Mowry avenue.

A generous contribution of a \$20 Liberty bond to the parish revenue was acknowledged on Sunday at all the masses and Father Fitzmaurice, the pastor of St. Mary's church, thanked the donor for the contribution. The one who contributed it to the church is unknown.

NEW WORKING SCHEDULE

AT MARLIN-ROCKWELL'S
 The new working schedule at the Marlin-Rockwell plant went into effect on Monday and now the working day at the plant is from 7 a. m. to 5:30 p. m. for five days in the week with all day Saturday off. The men were notified of the change in schedule shortly before 10 o'clock after a conference in the management office. The shop will be closed on Thanksgiving Day as well as on Saturday this week.

Assistant Works Manager G. B. Reinhard stated on Monday in regard to the plant's going on to other peace work that nothing had been decided about the local plant and that the work here would continue for some time yet on the same line as at present. It is a large amount of work to be finished up.

ENROLLED FROM COLCHESTER.

DIES IN ARMY SERVICE
 John Slaga of 53 West Main street received word from the army department that his friend, Thomas M. Grooms, was killed in action in France on Nov. 14.

Private Grooms was a native of Poland and was about 24 years old. He was working on a farm in Colchester when he went into the army. Grooms and Slaga lived in adjoining houses in a village in Poland, and Grooms came to America when he was about 16 years old, following the death of his mother at that time. His father had died when the boy was about 9 years old.

It takes an experienced undertaker to look solemn and conceal his satisfaction.

OBLIGED TO DROP ASST. COUNTY AGENT

the past year and a half and also because of the fact that his services are more needed than ever at this present time, when the dairymen are endeavoring to organize two co-operative milk plants, one in Norwich and one in New London, in order to sell their product in compliance with the new government requirements. Without the needed assistance, the important work is not receiving the attention it should and in fact by neglecting the Farm Bureau has not received the support deserved by the important place it has filled in food production and food conservation work during the year.

With the Federal, State and County authorities putting up \$5.00 to finance the work during the year, if the salary \$2,500 was paid within the county, only \$2,400 was raised, making it necessary to handicap the work at a very important time.

Miss Lucy E. Jones who took up the work as home demonstration agent for the New London County Farm Bureau October last, will not be able to return to Norwich this winter, and so has been obliged to resign. This information has been received from Miss Jones' sister in New York.

While the bureau is sorry to lose Miss Jones, it is pleased to hear that she is recovering after a prolonged illness and has been able to resume work and so has requested that another worker be secured for the position.

SHEEP RAISING IN STATE IS TO BE ENCOURAGED

To encourage sheep raising in Connecticut, Richard M. Bissell, chairman of the Connecticut state council of defense, has appointed a committee which includes three members of the state council of defense. The committee is charged with the duty of studying the possibilities of sheep raising in the state and of submitting a bill to the legislature, if, after study, the committee deems that action advisable.

The committee consists of Joseph W. Alsop of Avon, Alton T. Miner of New London and Lucius F. Robinson of Hartford, all members of the defense council; James M. Bissell, chairman of the state council of defense; and the state commissioner of domestic animals, H. L. Garigue, professor of animal husbandry at the Connecticut agricultural college, Storrs.

Mr. Bissell said that the number of sheep in Connecticut in 1915 was only 18,000. In 1916, he said, Connecticut had 238,574 sheep.

"If the sheep had increased in proportion to the increase in population, we would now have 1,000,000 of these animals," Mr. Whittlesey added.

"Sheep raising should be encouraged because of the present great demand for clothing and food. The wool is profitable from the economic standpoint to keep sheep."

The present price of wool averages about 70 cents a pound, Mr. Whittlesey pointed out. Lamb averages 10 cents a pound and mutton 9 cents.

Twenty-five years ago the price of wool averaged 40 cents a pound. A pound of lamb was about 5-1-2 cents and a pound of mutton 4 cents.

Mr. Whittlesey thought that the principal reason for the failure of sheep to increase in Connecticut was the danger from dogs, the high cost of fencing, and the fact that the farmers' attention had been largely concentrated on dairying.

PICK PLACE FOR MILK
CLAMT NEAR STONINGTON
 C. E. Clement, market milk specialist of the bureau of animal industry of Washington, D. C., has been in New London and Stonington today.

Dr. W. F. Pittirring in connection with the milk supply and the pasteurization proposition.

Mr. Clement investigated as to the feasibility of having Mystic, Noank, Stonington and Pawcatuck coming into a central milk plant at New London, and made a report of his investigation to Dr. Pittirring.

He asserts that it is not feasible for the places mentioned to join with New London and the other places in the state to form a central milk plant.

He designated on a map of New London county the location of the various farms which supply milk to the towns mentioned and came to the conclusion that the best location for a central distributing point for the towns where milk should be brought and pasteurized would be at a place in New London rather than known as Palmer.

This is directly north from Stonington, about midway between Stonington and North Stonington.

He also found that it is more feasible for the central plant for New London and Groton milk producers to be located in New London rather than Groton because the bulk of the consumers are on the New London side of the river.

Mr. Clement has promised to make the local plan is established that he will return and assist in working out proper routes, delivery zones, collection points and the price in whatever way he can.

He went to Jacksonville, Fla., where the government sent him on a mission connected with his department.

COMMON PLEAS COURT

HEARS SUIT OVER RENT
 In the court of common pleas in New London on Monday afternoon Judge Charles B. Waller granted judgment for \$450 and interest, aggregating \$477, in the case of Benjamin A. Armstrong et al. against C. Harry Kimball, formerly of New London.

The judgment was for rent of the New Orpheum theatre on State street, which was conducted by the defendant as a motion picture house until about a year ago, when his moving picture machines and other paraphernalia were attached for sale.

Other matters disposed of were as follows:

Arguments of motion for more specific statement in the case of Pontius vs. Dupont, Jr., argument of motion to separate in the case of Greiner vs. Gebraht, continued.

Two weeks' continuance were granted in the case of Hart, tr., vs. Brown.

The case of Morgan vs. Lubchansky was assigned for trial in New London Saturday, Dec. 14, the place to be decided by the attorneys in the case.

Next court session is to be in Norwich Monday morning to try the case of the Mt. Vernon Rug Co. vs. the Gilman Bros. Co. et al.

New Britain.—James E. O'Brien of New Britain, who conducted the Hotel Bissett, has filed a petition in bankruptcy. He made oath he did not have the money to pay the filing fee of \$30. He has liabilities listed at \$13,321.45 and \$12,336.45 of the amount is unsecured.

DRINK A GLASS
OF REAL HOT WATER
BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest advance in its unsparing research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy nose, cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the bowels, and making sure that nothing out of the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestion, waste, acids, bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness, etc., who have swollen, sore, bleeding hemorrhoids, and who suffer from blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

GIRLS! TRY IT!

HAVE THICK, WAVY, BEAUTIFUL HAIR

EVERY PARTICLE OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT

DRAW A MOIST CLOTH THROUGH HAIR AND DOUBLE ITS BEAUTY AT ONCE

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine" hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, it is of it, surely invest a few cents in a bottle of Knowlton's Danderine at any drug store or toilet counter, and just try it.

Save your hair! Beautify it! You will say this was the best money you ever spent.

Waterford Postoffice Rated Higher.
 The postoffice at Waterford has been raised from the fourth to third class in government rating and the salary will be in accordance with the rating.

The advance to third class now puts the Waterford postoffice in the presidential appointment class.

William C. Saunders, the present postmaster at Waterford, has held the office continuously since 1907 and altogether has served 25 years. He was first appointed as postmaster by the Harrison administration in 1899, and was out of the office for four years during the second administration of Grover Cleveland.

When the republic party came into power again in 1896 Mr. Saunders, who has always been a republican in politics, was appointed by President McKinley, and has held office ever since.

BORN
GAUTHIER.—In St. Joseph's hospital, Waterford, Nov. 22, 1918, a son, Frederick A. Gauthier (Marie Delaney) of Hanover.

ARRIVED.—In Unassville, Nov. 2, 1918, a son to Mr. and Mrs. Walter J. Aukwood.

MARRIED.
GRiffin.—In Hebron, Nov. 17, 1918, by Rev. Sherwood Roosevelt, William Sherwood Griffin and Miss Nellie Griffin.

TYZKOWSKI.—In Norwich, Nov. 25, 1918, by Rev. I. V. Maclewska, Peter Tyzkowski of Providence and Mrs. Antonio Firdych of Norwich.

SWEET.—In Danbury, Nov. 22, 1918, by Rev. M. J. Ginel, M. S., Floyd Sweet and Miss Isabelle Leticia.
